

Greetings Members

January 21, 2018

Welcome to the new year 2018. We had our first board meeting of the new year and had a great financial report from Charlotte Phillips Green Oaks ended the year in great shape. All bills paid and we managed to put back over \$45,000 in savings. Taxes have been paid we still have over \$25,000 in savings. The Acorn Lounge was a little behind in revenue for the month of December but we hope it will pick up in the coming months. Hopefully the coming months will be good weather and play will pick back up. At one time during the year Green Oaks had 103 members but to close the year we now have 97 members total 93 active members. If you know people interested in golf invite them to come play and join Green Oaks.

Zac Holloway from US Lawns gave his report. This time of year they are doing routine maintenance on all the equipment getting it ready for the upcoming season. One of the new greens mowers has been checked out and is ready for service. The second greens mower will be on line shortly. All the heads for the mowers have been sent off to be reworked and should be back shortly. Starting some time in February US Lawns will be reworking green's 2,3,4 and 5. While they are working on the greens they will put us on temporary greens. We should be able to be back playing on them toward end of July.

As of this date we still have no volunteers for the tournament committee. If you would like to help with tournaments please notify or see Bobby in the Pro Shop.

The Annual membership meeting is in a couple of months; we have 4 board members coming off in April. Sam Shoemake, Doug Murrah, Greg Bryant and Lindy McBryde. Of the four only Sam has said he is not running again. Doug, Greg and Lindy are thinking of running again, maybe. If anyone would be interested in serving on the board please contact Bobby in the pro shop.

This time of year the ground is wet from rain or freezing and is soft, **So Please Stay 20'-30' Feet Away from the Greens** and help Green Oaks by repairing ball marks on the greens. It's probably best to use the 90 degree rule as much as possible now also.

Help yourself and Green Oaks by volunteering for tournament Committee or as a Board Member.

If anyone wants to be put on the Driving Range plan (\$100.00 single or \$125.00 for a family) or Hole in One Club (\$5.00 will be charged to your account when a Hole in One is made and witnessed by two people) please see Pro Shop.

Mike Spalding

President of the Board of Directors.
