This is the time of the year not much is happening. We continue to have our monthly board meetings and employee meetings. All is well and we hope to have some changes in place soon to the facility.

This is a great time to recruit new membership and we may run an incentive in the future for our current members to

see who can recruit the most, so be on the lookout for more information.

We have made décor changes in the Lounge, Pro shop and Men's restroom. We hope to continue this progress thru out the Club House. Course restrooms require some repairs and updates, those will be coming soon. We also are looking forward in the spring to possibility repairing some of the grounds keeping equipment and purchasing some additional rental carts. We anticipate having a booming season in 2019 !

A few reminders.... Steak Night each 1<sup>st</sup> and 3<sup>rd</sup> Thursday nights. Only a \$5.00 fee for salads, potato and bread, you bring your own steak. It is a great time for fellowship and bragging rights on your game.

Again, in preparation for the annual membership meeting, we will have 3 board positions available. Anyone interested in becoming a board member must be in good standing with the club and is encouraged to see Bobby in the Pro Shop for details.
