March is arriving and we are going into the new season. It would be super if we had pleasant weather to start GO off this year. With that said, I hope we can play golf and enjoy warm weather. We did not have a real bad winter. Just a nasty week in Feb. The last week of Feb is going to be wet. Hopefully the weather will not be like last year.

As we all know everything is going up. The good news our dues are staying the same. The problem is all the items we sell have gone up. We have no choice but to raise the prices of some items. One item that has cost GO is the use of paying with credit/debit cards. In 2021 the cost to GO was approx. \$6K. With the financial state of GO we can no longer afford to do this. So as of 1 March 2022, each card transaction will have a \$2 fee added on all single charges. **No! Beer & Drinks are the same price as of now.**

GO is not being greedy, but we can no longer keep doing business as of old. GO must change to meet the inflation and revenue challenges that we are experiencing. With only 53 members GO cannot stay open if we keep doing the same thing. The board has been looking for ways to meet our needs to get back on track. Of course, there are no guarantees, but we are looking into ways of improving our greens and the course. More information will be shared once the plans are completed

I would like to thank the individuals who made it possible for GO to stay afloat and everyone that has stepped in to work on the grounds. Thank you!

Attached is the list of 13 people who signed up for the range plan. Please review and if you were omitted or like to be added please contact me. We are asking that if you are not on the list that you, please refrain from using GO's range balls

Well, that is about it here on GO. Let us enjoy this New Year and play golf.
