From The Manager's Desk

There are only three tournaments scheduled for the rest of the year. The Club Championship will be contested over the Labor Day weekend. This will be an individual, stroke play event. Players will be flighted after the Sunday round. There will also be a Senior Flight. Stop by the Pro Shop and sign up!

The Mixed Scramble is September 25 & 26th and the 3 Person Scramble is October 16 & 17. It is not too early to get your teams together.

Many members pay by bank draft. It is a convenient way to make sure your dues are always current. If you are interested in setting up this method of paying your dues, just bring a voided check to the Pro Shop. We also take credit card payments for member accounts. Let me know if you would like to pay by credit card.

Many of our members volunteer time, money and equipment to help our club. I would like to thank Earl Harris for his help in digging the lake between # 14 and #10. With his help we were able to complete the project. The lake helps with water storage and improves the esthetics of that area.

Danny and Becky Watson added a flower garden by the "pit stop" on # 14. Thanks for your hard work. I would also like to recognize a non-member, Leon Ellis, for helping with digging out the pond on # 16 and the clean up of the area along Highway 45.

Please welcome our new members Marcus Stone, Hugh Brown, Joey Brackin, and Tim Howell.

Sam

From the Superintendent

I believe we are finally through with tree cutting and stump grinding. We will be seeding around the new lake and try to get some ground cover before cold weather sets in.

We sprayed for worms this week. Normally, earthworms are beneficial in aerating greens, but we had an over abundance of the critters, which was making mowing, as well as play, difficult.

Wayne

Coming Events

Tournament Committee meeting September 9, 2004 @ 7 Pm
Steak Nights 2nd and 16 th of September

Board Meeting - September 20th

Etiquette Tip:Repair your ball mark on the green plus one other. An unrepaired mark takes weeks to heal while a repaired mark only takes days.
