From The Manager's Desk

Congratulations to Billy Conn for a Hole In One on # 6. This is the second time he's aced it. Witnesses included Dana Studdard. Bobby Parker. Owen adorn, Lance Conn, Carl Lisowski, and Dennis Cox.

Thanks to all the volunteers who came out to put the covers on the greens. This will payoff in the Spring with less dead spot problems. Several of our members donated enough money to buy new fans for the front porch. Thanks Gene Davenport. Mark Reynolds. Art Neal. Jim C. Thompson. George Dowdle, Bob Edison. Floyd Butler, and Herb Blakeney. The remodeling of the front of the building should be completed shortly. The brick facade is on hold until money becomes available.

There were only 8 names on the "new" cart shed list when the dust settled which is not enough to get the project off the ground. However, we will keep the sign up sheet available for a while before we shut the door on a new shed.

Welcome new members Neal Davis, Dick Webster and Donnie Elkin. Neal and Dick are associated with Rothe Computers and have been very helpful in the past on several computer problems.

Green Oaks members and staff were saddened by the loss of Fred Robinson on December 31,2003. He played most days with the noon group" and he was a delight to play with. We win miss him.

*Tournament Committee: Next meeting is February 12,2004 @ 7Pm*

*Steak Nights this month are 5 and 19 February*

*From the Superintendent:*

*I also want to thank those people who helped cover and Uncover the greens. It would have been a tough job with out you. Also, We will be spraying some pre-emerge chemicals in February but the spraying should not interfere with play. We will also be filling in some of the low spots throughout the course. As a final note, please stay on the cart paths when the sign is out. It will prevent a lot of damage which will not heal up until springtime.*
