

Green Oaks Golf Club
September 2007

General Membership News: A warm welcome to the following new member:

Max Cullum

Thank you for making Green Oaks your golf home. Every effort will be made to give you a quality golf course to play on and a pleasant environment to enjoy our other facilities.

MANAGEMENT: Our new membership roles are really slowing down but I attribute most of that to the extreme heat of the past month. It's been much too hot to consider much outdoor activities. Fear not the great golf weather is on it's way. TEE THEM UP!
The hamburger/French Fry concession just did not pay off. Maybe we will try again sometime later.

Very Special thanks to Stanley Taggart for the super attractive fence that he has installed behind # 4 tee box. Give him some thanks folks, that did not come cheap. Thanks to Wayne and his troops for fixing the gate. Thank you Charlie Underwood for the podium in the pro shop to make in much more convenient for tournament sign ups and other information.

TOURNAMENTS: we have one (1) tournaments this month:

1 Person Scramble September 8th and 9th @ 1 PM. Sign up and have a ball. Where else can you have a mulligan on every shot? Thanks Gene

From the Course Superintendent: We went from bountiful rainfall to no rain at all. The course is holding up great considering the intense heat this past month. The irrigation system is sure paying for its self. Hopefully this month (September) will give us relief. However, if we don't get some relief real soon it will become necessary to restrict the course to cart paths only. We are starting to damage our fairways.

Thank you, Wayne
