Course Update

We have had to cover the greens at times and restrict play, but we have had some good days and play as well. We would like to remind everyone to take care when playing the course and stay out of wet areas with carts, as well as being sure to keep the carts away from greens. We are looking forward to greener days!

Golf Carts

As we reported last month, the Board of Directors has made the decision to purchase new golf carts for the club. The board also decided to sell our old carts, instead of trading them in. We have sold most of the carts, and some of the remaining ones are reserved for buyers for release when the new carts come in. We have a few left for sale if any members want them. The board decided to lease 25 new carts from Yamaha. We are using all of the proceeds from the sales of the old golf carts to pay down on the lease, so we can keep our lease payment down. The amount will be almost \$30,000 that we will be able to pay down, making the lease payment approximately \$1500 per month for four years, with the exact amount depending on the exact amount we pay down. At the end of four years, we will own the carts.

Membership Report

We did not lose any members this month, nor did we gain any.

If any of you know any prospective members, or people who were previously members of the club who might be interested in joining, please encourage them to contact Jim in the Pro Shop at 328-3879.

You can tell them we will have new carts in the spring!

Golf Cart Rentals

Because we are selling our carts to get ready for the new ones, we are short on carts at times. We are going to require members to share carts, so we can have enough carts to go around. Our normal policy is to share carts.

Also, the board decided to do away with the monthly cart plan effective March 1st. At that point, we will charge an 18 hole rental fee and a 9 hole rental fee.

Golf Carts For Sale

There are a few golf carts still for sale! Contact Jim in the Pro Shop, or Wayne Box for details.
